NEAREST PARK: Sunrise Park (2,065 feet)

NEAREST SCHOOL: Park Elementary School (4,825 feet)

NEIGHBORHOOD ASSOCIATIONS

Sunrise Neighborhood Association

NEIGHBORHOOD INPUT

Notice of a Public Hearing was mailed to all property owners within 300 feet of the subject property on April 17, 2014. The Planning Division has not received any letters or phone calls in support or opposition of the rezoning request.

APPLICATION HISTORY

The property was cited by Code Enforcement in February 2014 for operating a small contractor's yard in an R-4 zoning district. A contractor's yard is permissible in the C-3 (Commercial) district, or in a C-2 (Commercial) district with a special permit. This investigation is ongoing at this time.

APPLICATION DESCRIPTION

The property owner is requesting a rezoning from R-4 (Residential) to A-O (Apartment-Office). The property is currently operating as a contractor's yard and is proposed to discontinue such use, and operate solely as an office. The property consists of a 1,024 sq. ft. office structure, a 250 sq. ft. accessory storage structure, and five parking spaces. A parking area at the rear also exists for the businesses' parking needs. Access to the subject property is from Gateway South.

PLANNING DIVISION RECOMMENDATION

The Planning Division recommends **approval** of rezoning the subject property from R-4 (Residential) to A-O (Apartment-Office). The property is along freeway frontage and exists in proximity to existing Commercial and Apartment-Office zoned properties which also front Gateway South. As such, the Apartment-Office district

requested is appropriate for both the intended use and serves as a buffer between the intensity of the Patriot Freeway and the residential properties immediately to the west of the subject property.

Plan El Paso-Future Land Use Map Designation

All applications for a rezoning shall demonstrate compliance with the following criteria:

G-3, Post-War: This sector applies to transitional neighborhoods typically developed from the 1950s through the 1980s. Streets were laid out with curvilinear patterns without alleys and shopping centers are located at major intersections behind large parking lots. This sector is generally stable but would benefit from strategic suburban retrofits to supplement the limited housing stock and add missing civic and commercial uses.

The purpose of A-O (Apartment-Office) district is to provide medium densities of dwelling units supported by higher intensity land uses located at the periphery of single-family neighborhoods providing that the overall character and architectural integrity of the neighborhood is preserved. Permits building types designed for transition from areas of low density residential neighborhoods to other residential areas, and certain non-residential uses and support facilities.

COMMENTS:

Planning Division - Transportation

No objections. A TIA is not required.

Note: All existing / proposed paths of travel (accessible sidewalks, wheelchair access curb ramps and driveways) within public rights-of-way shall be in compliance with current ADA/TAS rules and regulations and the current City of El Paso Design Standards for Construction.

City Development Department – Plan Review

No objections to proposed rezoning. However applicant will need to submit building permits for the change of occupancy and meet all building code requirements for commercial buildings

City Development Department - Land Development

No objection

El Paso Fire Department

Recommend approval. No objections to the rezoning case

El Paso Water Utilities

We have reviewed the rezoning referenced above and provide the following comments:

1. EPWU-PSB does not object to this request.

EPWU-PSB Comments

Water:

1. There is an existing 12-inch diameter water main that extends along Gateway South Blvd. The main is located approximately 12 feet east from the property's eastern property line. This main is available for service.
2. EPWU records indicate one active ¾-inch domestic water service serving the subject property. The address for this service is 8707 Gateway South Blvd.

Sanitary Sewer:

1. There is an existing 8-inch diameter sanitary sewer main that extends along Gateway South Blvd. The main is located approximately 20 feet east property's eastern property line. This main is available for service
2. Application for new water services should be made 6 to 8 weeks prior to construction to ensure water for construction work. New service applications are available at 1154 Hawkins, 3rd Floor. The following items are required at the time of application: (1) hard copy of subdivision plat with street names and

addresses; (2) finalized set of street improvement plans, including storm sewer; (3) digital copy of subdivision plat; (4) benchmark check; and (5) construction schedule. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The owner is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.
